NEW RESOURCES BEING OFFERED THIS YEAR

We would also like you to know about two other programs.

The first is **Window Dressers**. They are a non-profit that uses volunteers to build custom window inserts for your home. These are inexpensive and can help you save a lot of money by reducing your home heating cost.

The second is an **In Home Health Resource**. A community health worker will come to your home. Some of what they can provide is education, health resources, assessments and assistance navigating the healthcare system.

Please select yes or no in the below options if you want to be contacted about these two additional resources.
